

New Cluster Box Units (CBUs) – USPS Approved

Type 1 CBU

Type 2 CBU

Type 3 CBU

Type 4 CBU

Introducing the New "F" series CBU — designed to meet or exceed new USPS Security Standards. These high security USPS approved Cluster Box Units (CBU) are made entirely of heavy duty extruded aluminum and stainless steel hinges and are accessed from the front through an easy-opening master door gate assembly with a built-in hold open device. All USPS approved mailboxes, parcel lockers and outgoing mail compartments enjoy added security features such as hardened locks for individual tenant compartments as well as thicker aluminum for the units outer cabinet and doors. CBU units come in 8, 12, 13 and 16-door address models, offering individually lockable front access doors made of extruded aluminum. They include outgoing mail receptacles and Parcel Lockers in one durable and self-contained unit, mountable on the optional pedestals or a base of your choice.

Specifications and Features

- USPS Approved (Postal Certified)
- Meets or exceeds newest USPS Security Standards
- F-Series CBU was designed to reduce mail theft and vandalism with stronger tenant doors, minimal pry points, improved outgoing mail slot
- Pedestal is included in prices listed
- Robotically welded cabinet/hood seams
- Constructed of high grade stainless steel and aircraft aluminum
- Stainless steel hardware and hinges
- Tenant and parcel doors constructed with reinforced corners and 360° wrap-around hinges
- Master postal door designed to prevent prying with interlocking overlapped seams
- 1/8" thick welded aluminum cabinet and 1/8" to 1/4" thick aluminum doors
- Tough, scratch and corrosion resistant surface/finish. Rugged, weather-proof powder-coat finish resists scratching and vandalism
- 5-pin cylinder cam locks w/spring loaded covers
- Three keys per door are also included
- Quick release door lock latch
- Available in four sizes and styles
- Each CBU includes a parcel locker equipped with a USPS 1172-910 lock and an outgoing mail compartment door with slot
- Front loading, easy-to-use free standing unit
- Standard color: Sandstone. Available: Dark Bronze, Black, Forest Green, White, Postal Grey, Gold, Antique Bronze, Antique Copper & Silver Speck.

Horizontal Wall Mount Mailboxes (USPS Approved)

WHOLESALE PRICES

National Mailboxes provides USPS approved horizontal mailboxes from the H1400 (front load) and H1500 (rear load) Commercial Mailbox Unit Series. Constructed of heavy-duty aluminum, horizontal mailboxes can also be used for private party access and distribution. Our commercial mailbox unit series is manufactured entirely from heavy gauge thick aluminum with specialized anodized aluminum/silver finish for corrosion-rust proof resistance. The H1400 (Front Load) and H1500 (Rear Load) Horizontal Mailbox Series is designed for a number of different applications. Refer to website for additional photos. **Specifications and Features:**

- Apartments, condominiums, commercial and office buildings, colleges and schools
- Standard "A" size (5"H x 6 $\frac{3}{8}$ "W) doors, available 3, 4 or 5 doors wide and 5, 6, or 7 doors high.
- Each door comes standard with 5-pin cylinder cam lock with 3 keys and clear plastic name/number window slot for tenant identification.
- Also available upon request, our larger "B" size (5"H x 12 $\frac{1}{8}$ "W) doors which come 2 doors wide and 5, 6, or 7 doors high.
- Each compartment measures 15" deep. Other (custom) larger door sizes and configurations are available upon request.
- Wall mount recessed style units.
- Recommended min. wall opening depth is 17".

- Anodized aluminum/silver standard finish.
- Many other finish colors are available for an additional charge.

Front Loading (FL) Horizontals

If ordering Front Loading Horizontals, please note that one door will be used as either a postal door (for U.S. Postal approved units) or as a master door (for private access units), and cannot be used as a tenant door. This door can be used as an outgoing mail slot or as an office drop box, on request.

Rear Loading (RL) Horizontals

If ordering Rear Loading Horizontals, all doors are available for tenant use. Optional removable rear cover is available — call Customer Service.

Horizontal Wall Mount Mailboxes (For Private Use/Access)

**WHOLESALE
PRICES**

The H1450 and H1550 series Horizontal Mailbox solution was designed for large private use installations not serviced by the U.S. Postal Service, such as dormitories, military bases, universities/colleges, hotels, etc. Each private access mailbox is made of the same heavy-gauge aluminum as the H1400 and H1500 series and meets all U.S.P.S. regulations except those relating to compartment size. The smaller compartments allow for more horizontal private mailboxes per module, ideal for areas with limited wall space. **Specifications and Features:**

- Available in 3, 4, or 5 compartments wide and 9, 10, 11, or 12 compartments high.
- Each private access mailbox tenant door is 6 $\frac{3}{8}$ "W x 3"H
- Comes standard with a 5-pin cam lock with three keys and a clear plastic window number slot for tenant identification.
- All units are 15"D and come standard in an anodized aluminum/silver (corrosion-rust proof resistant) finish.
- All doors in the horizontal mailbox units listed below are actual usable tenant doors.
- Many other finish colors are available for an additional charge.

4C High Security Wall Mount Horizontal Mailboxes (USPS Approved)

WHOLESALE PRICES

MANUFACTURED TO NEW POSTAL REGULATIONS. National Mailboxes has secure locking mailboxes made entirely of heavy gauge aluminum (USPS approved). Our horizontal, high security mailboxes are manufactured to meet the specifications of USPS standard 4C which was created to provide a higher level of mail security. Horizontal mailboxes feature a durable aluminum powder coated finish and include factory installed 1/2" wide peripheral trim. Our secure locking mailboxes are available as standard units or can be configured with a combination of four mailbox door sizes and three parcel locker door sizes to meet your custom requirements. Each secure mailbox door includes a five pin cylinder cam lock with a dust/rain shield and three keys. A compartment equivalent to two 3/4" high tenant doors is used for outgoing mail collection. The compartment is labeled "Outgoing Mail" and includes a 10 3/4" x 3/4" mail slot and a weather protection hood. High security mailboxes are designed for indoor and outdoor use and are ideal for apartments, commercial buildings, colleges and schools and many other applications. Note: Series 4C Horizontal Mailboxes meet the specifications of USPS-STD-4C and are required for new construction and major renovation effective October 5, 2006.

Front Loading: Units include one or two master door(s) that swings on continuous integral hinges. The outgoing mail compartment includes the USPS master lock access door and cannot be used for mail distribution. The rear of the unit incorporates a solid closed back.

Rear Loading: The front of the outgoing mail compartment is comprised of two fixed panels and there is no U.S.P.S. master lock access door. The rear of the unit incorporates one or two heavy duty access door(s) with latches and continuous hinges.

Specifications and Features

- Rugged, corrosion resistant weatherproof powdercoat finish resists scratching & vandalism
- Stock finish: Postal Grey. Available: silver speck, black, sandstone, gold, blonde gold, dark bronze, forest green, white, antique copper, antique bronze
- Constructed of heavy gauge aluminum and 300 series stainless steel components for superior strength, corrosion resistance and exceptional outdoor durability

- Master loading doors designed with interlocking overlap seams to prevent prying
- Quick release master loading door lock latch for easy access by Postal carriers
- Solid aluminum mail slot frame similar to High Security CBU design protects adjacent customer compartment and collection compartment
- Unique double-locking parcel locking mechanism design (patent pending) for mail package security
- New USPS-1172 910A lock with three (3) keys

4C Series Front Loading High Security Horizontal Mailboxes with integrated parcel lockers and outgoing mail compartment

- Front and rear load units available
- Number decals up to three digits or engraved identification up to six characters
- Multi-unit connector kit hardware included with each unit for easy installation
- Front loading is standard. For Rear Loading, add 15% extra charge to unit price
- Optional Surface Mount Collars are available for surface mounting. Call Customer Service for pricing information

Brass Wall Mount Horizontal Mailboxes (For Private Use/Access)

WHOLESALE PRICES

National Mailboxes H2000 series, rear or front loading, brass mailboxes have solid brass die-cast doors which include a five pin cylinder cam lock with two keys, a clear 1/4" glass window and a name plate to identify the tenant's name and/or box number. The doors are hinged on brass frames and are attached to the individual compartments with four screws. The mailbox compartments are constructed of 20 gauge steel and powder coated tan. They are designed to stack two high and mount adjacent to each other or between wall studs. All units have the same outside dimensions. Rear loading units can

be accessed by the USPS when used in Rotary Mail Centers

If Rear Loading: Units have open backs. Locking rear covers (H2050) are available as an option upon request.

If Front Loading: Units include solid rear covers. Two master commercial locks with two keys (H2092) open a door panel that swings on a continuous hinge. All openings are usable.

Brass Horizontal Mailbox Options

- Custom sized mailbox units – call for pricing
- Plastic windows – eliminates compartment visibility
 - #1 and #3 door size (H2071 – \$1.75)
 - #2 door size (H2073 – \$2.00)
- Rear covers – locking on rear loading units (H2050 – \$50.00)
- Trim – tan snap-on peripheral trim — 1 1/2" W x 3/8"D for up to (3) columns of mailboxes (H2013 – \$78.50)

Door and Compartment Identification

Each mailbox door is equipped to identify the tenant's name and/or box number. Self-adhesive numbers (1 to 3000 available) are supplied upon request with a standard order. Custom identification systems are available as an option upon request. Label holders neatly organize and identify the front/rear of the mailbox compartments and are

- available as an option upon request.
- Custom window engraving – plastic windows only (H2068 – \$3.00)
 - Self-adhesive numbers – sheets of (100) (H2095 – \$15.00)
 - Label holders – (50) 3" W x 3/8"H (H1070 – \$29.50)

Locks

Each mailbox door includes a five (5) pin cylinder cam lock with two (2) keys (1,000 different key changes).

- Lock – for 2000 series (H2090 – \$7.95)

Rack Ladder Wall Mount Horizontals (For Private Use/Access)

H2201 One Door Unit

H2270 Parcel Locker

H2282 Drop Box

H2200 Series Rack Ladder System Mailboxes

- (Rear-loading horizontal rack ladder mailboxes for Private Use/Private Access) National Mailboxes' horizontal rack ladder mailboxes have 1/4" thick extruded aluminum doors with a durable powder coated silver finish. Each door of these secure metal commercial mailboxes includes a five-pin cylinder cam lock with two keys. The H220 series has open backs (rear covers H2251 are available as an option upon request) and are constructed of 20 gauge steel. The units have the same outside dimensions. These secure metal commercial mailboxes are designed to be installed between rack ladders (H2200). The H2200 Series Rack Ladder System supports five mailbox units to form a column of mailboxes. These units can be accessed by the USPS. when used in Rotary Mail Centers.

H2200 Series Parcel Lockers

- (USPS Approved and for Private Use/Private Access) National Mailboxes H2200 series parcel lockers offer tenants a convenient way to receive packages on site and are fit with a two key security system. When the USPS or an individual delivers a parcel to the locker, a parcel locker key is placed in the recipient's mailbox. Once the recipient opens the parcel locker, the key is automatically retained in the lock until it is removed with a control key. The units have 1/4" thick extruded aluminum doors with a durable powder coated silver finish and are equipped with a hinged rear door which allows access from the rear. Parcel lockers are designed to fit into the rack ladder and data distribution systems and Free-Standing Mail Centers.

H2200 Series Drop Boxes

- (For Private Use / Private Access) National Mailboxes H2200 series drop boxes have a 1/4" thick extruded aluminum solid front with a durable powder coated silver finish. The one compartment drop box (H2280) has a 16"W x 3/4"H mail slot. The two compartment drop box (H2282) has two 9"W x 3/4" H mail slots. Drop boxes have a 4"H rear panel to contain the mail. Locking rear covers (H2285) are available as an option upon request. Drop boxes are designed to fit into the rack ladder and data distribution systems and Free-Standing Mail Centers.

Free Standing Rotary Mailbox Enclosures

H3100 Rotary Mailbox Enclosure

H3150 Rotary Mailbox Enclosure

Inner cabinet rotates 180 degrees for mail distribution

Constructed of 16 gauge steel, National Mailboxes H3100 series Rotary Mailbox Enclosures feature a vinyl finish available in five contemporary colors. Aluminum style Rotary Mailbox Enclosures (H3100) are designed to accommodate a combination of five aluminum rack ladder system mailboxes and data distribution system boxes. Brass style Rotary Mailbox Enclosures (H3150) are designed to accommodate a combination of two brass style rear loading mailbox units. To operate, the user unlocks the unit and rotates the inner cabinet 180 degrees so that the rear of the mailboxes are facing the front. After distributing the mail, the inner cabinet is rotated back 180 degrees to the tenant access position. A matching rear cover (H3125) is available as an option upon request. Heavy duty Rotary Mailbox Enclosures are ideal in locations where a secure and professional mailbox system is desired.

H3100 Rotary Mailbox Enclosure

- Aluminum style (for aluminum rack ladder mailboxes and data distribution boxes – order separately.
- 30"W x 74"H x 24"D
